## Before & After Your Event

Before your event we will invoice you for only \$18.00 per guest (parents, committee and teachers excluded) two weeks prior to your event. We confirm all event details, and all guests (excluding parents and teachers) must have been invoiced for formal photography.

After your event we colour pick and colour correct your images before emailing you a download link to all of your images. We can email this link to either a single email address for you to share with your guests or to all of your guests using a list of email addresses you provide. Your guests can then download their images.
